

Ms. Buell's Before School Math Tutoring

I will be holding before school tutoring once a week on Thursday. Students will always be notified in advance if there are any changes to the tutoring schedule. Students must have parent permission and sign-up for tutoring before the day of tutoring. There will be a maximum capacity of 8 students per tutoring session. Tutoring will be held in my classroom (612) on Thursday from 8:00am to 8:45am. Students must be dropped off no earlier than 8:00am.

Below is an outline of the rules/regulations and consequences for tutoring participation:

Rules/Regulations:

1. Students must return this tutoring form with parent/guardian signature to verify that both parent and student have read and understand all rules for tutoring. This form must be returned before a student may attend tutoring.
2. Students must sign-up for tutoring before the day of the tutoring session. Students who have not signed-up prior to the tutoring session day will not be permitted to enter and attend the tutoring session that day.
3. Ms. Buell will have a list of those who have signed-up. All other will not be allowed into the building.
4. During the tutoring session, all students are expected to participate and work only on Math. Students are expected to be respectful and to follow directions. Playing or any disruptive behavior will result in termination of tutoring with Ms. Buell

Consequences:

1. If a student signed up for tutoring does not attend, and has not informed Ms. Buell before the end of the prior school day, they will not be permitted to attend tutoring again.
2. If a student is disruptive and/or does not follow directions, they will not be permitted to attend tutoring again.
3. If a student's parent/guardian does not arrive by 8:05 on more than one occasion, that student will not be permitted to attend tutoring again.
